

Satinder Singh

Full-Stack Web Developer

EDUCATION

Full-Stack Web Development May 2022 – Nov 2022
Innotech College- Edmonton, AB

An accelerated diploma focused on new technologies and layered curriculum. Emphasis on continuing learning and how to teach yourself new technologies with the help of reading documentations and release notes.

Business Certificate Aug 2015 – May 2016
Parkland College- Yorkton, SK

Business Certificate helped me learn Marketing, Accounting, Business Mathematics, Business Law 101, Economics.

Primary & Secondary Education 2001–2013
Narain Public School- Patiala, Punjab

I was a science student for my secondary education at Nps.

PROJECTS

Ganesh Sweets – Real World Paid Project

Custom menu boards were designed and developed with html, css and javascript to display menus based on days of the week.

Foodie — Food Ordering Platform

A food ordering platform with the concept of showing available restaurants (who signed up) to the client who signs up. Restaurants can add, update & delete their menu and profile. All of the data and requests are handled by an **API**.

Okotoks Pizza – Pizza Store Website

Okotoks pizza is a project website to view the Restaurant menu, locations, about and contact information.
