Goal setting for 6 months

1. **What is your dream role?**

   My dream role is to become a professional web developer within the next six months.

2. **Why is this important to you?**

   I really want to change my career and want growth in my life and I think that web development can give me that opportunity.

3. **When are you planning to make this happen?**

   I am already working hard to make this work.

4. **How are you setting yourself up for the process?**

   I am trying to expand my network and connect people on social media platforms and discuss job openings. I am also trying to showcase my projects and portfolio.

5. **Who will be your client/niche? A company you want to work at?**

   Local businesses and people or any non-profit organization

6. **Where are you planning to pursue this?**

   I am comfortable working in Edmonton, AB.

Goal setting for 1 year

1. **What is your dream role?**

   My 1 year goal is to continue to improve my skills and make myself more valuable.

2. **Why is this important to you?**

   It is important because I have to make my earnings through web development.

3. **When are you planning to make this happen?**

   1 year

4. **How are you setting yourself up for the process?**

   Continue building my portfolio and gathering new skills while working.

5. **Who will be your client/niche? A company you want to work at?**

   Local businesses or online businesses

6. **Where are you planning to pursue this?**

   Edmonton,AB
